SUMMARY

Motivated MCA student (2027) with a strong foundation in Frontend Development, specializing in HTML, CSS, JavaScript, React.js, and Tailwind CSS. Possess basic knowledge of Python and experience working with MySQL. Passionate about building responsive, user-friendly web applications, learning new technologies, and seeking an opportunity to contribute as a Frontend Developer while continuously enhancing my technical skills.

SKILLS

- Frontend Technologies: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Bootstrap, Responsive Web Design, Material Design (Basic)
- Programming & Database: Basic Python, MySQL, REST API Integration (Basic)
- Tools/Software: Git, GitHub, Visual Studio Code, Vite, MS Office (Excel, PowerPoint, Word)
- Web Development Concepts: Reusable UI Components, Cross-Browser Compatibility, Responsive Design, Basic Performance Optimization, Debugging & Troubleshooting
- Soft Skills: Problem-Solving, Analytical Thinking, Communication, Team Collaboration, Quick Learner, Adaptability, Time Management, Self-Motivated
- Tools/Software: MS Office Suite (Excel, PowerPoint, Word), JAVA, MySQL, .Net

PROJECTS

Smart Mart – E-Commerce Web Application (React.js)

- Developed a responsive e-commerce web application using React.js and Tailwind CSS.
- Implemented product listing, shopping cart, login, registration, and navigation using React Router.
- Built reusable React components and managed application state using React Hooks.
- Designed a mobile-friendly user interface with responsive layouts.
- Technologies: React.js, JavaScript, HTML5, Tailwind CSS, React Router, Vite.

Smart Farming Assistant using AI and IoT

- Developed an AI and IoT-based crop recommendation system using real-time weather, soil moisture, soil pH, and market price data.
- Built responsive frontend pages for user authentication, prediction, and dashboard.
- Integrated Weather API and stored prediction history in a MySQL database.
- Developed the backend using Python (Django).
- Technologies: React.js, HTML5, CSS3, JavaScript, Python (Django), MySQL, REST APIs.

Notes Sharing System

- Developed a web application for sharing and managing study materials securely.
- Implemented user authentication, file management, and responsive user interfaces.
- Integrated a MySQL database using Django backend.
- Technologies: HTML5, CSS3, JavaScript, Python, Django, MySQL.

Student Management System

- Built a web-based application to manage student records, attendance, and user roles.
- Implemented secure login for Admin, Teacher, and Student modules.
- Developed responsive pages with CRUD functionality connected to a MySQL database.
- Technologies: HTML5, CSS3, JavaScript, Python, Django, MySQL

INTERNSHIP / TRAINING

Full Stack Development Summer Training | SRDT 2026

- Gained hands-on experience in HTML5, CSS3, JavaScript, React.js, and responsive web development.
- Built frontend components and collaborated on web application development.
- Learned Git, GitHub, REST APIs, and modern frontend development practices.

Python Development Intern | Analyze Infotech 2025

- Successfully completed a Python Development Internship focused on building web applications using Python and Django.
- Developed dynamic web applications by implementing backend logic and integrating MySQL databases.
- Gained practical experience in HTML5, CSS3, JavaScript, and Django for full-stack web development.
- Worked on CRUD operations, user authentication, and database connectivity.
- Collaborated with mentors to understand software development best practices, debugging, and code optimization.

Android Development Training 2025

- Completed a 34-hour Android Application Development training program.
- Learned Android Studio, Android fundamentals, layouts, activities, and UI design.
- Built basic Android applications using Java and Android Studio.

Certifications

- Full Stack Development Summer Training – 2026
- Python Crash Course Certificate
- TCS CodeVita Participation Certificate
- Smart India Hackathon Participation Certificate

Achievements

- Participated in Smart India Hackathon 2025.
- Developed multiple academic and personal web development projects.
- Published the Smart Farming Assistant using AI and IoT research paper in an international journal.

Positions of Responsibility

- Class Representative (CR), BCA Department, SRMCEM

EDUCATION

Master of Computer Application (MCA)

2025-27

Shri Ramswaroop Memorial College of Engineering and Management

Bachelor of Computer Applications (BCA)

2022-2025

Shri Ramswaroop Memorial College of Engineering and Management

Senior Secondary

Mount Berry Inter College, Lucknow

2022

Languages

- English
- Hindi

DECLARATION

I hereby declare that the information provided in this resume is true, accurate, and complete to the best of my knowledge.
